- Class "F" – Navy Veteran (NAVET)/Other Service Veteran (OSVET)/Other.** Pertains to personnel who are gained into enlisted Navy strength status after a break in service or who are available for reassignment as defined in this article. Class "F" availability reports (AVAILs) do not include prior officers, prior officer candidates, or officer programs personnel.
- Responsibility.** The Personnel Support Detachment (PERSUPP DET) or customer service desk (CSD) is responsible for submitting gain documents to include exception gain message uploads through the Navy Standard Integrated Processing System (NSIPS) and for submitting AVAILs. The PERSUPP DET and or CSD should refer to NSIPS user guides for submitting exception gains to enter a member into Navy strength. An NSIPS trouble ticket should be submitted when an exception gain message cannot be uploaded due to the applicable military entrance processing station's failure to pre-stage the gain information.
- Report Submissions.** Class "F" availabilities are considered immediate and an AVAIL should be submitted as soon as the gain is posted to the Navy master file with Navy full strength status.
- Listing of Availability Codes.** The following table lists all class "F" availability codes and their descriptions. Ensure appropriate remarks are provided per MILPERSMAN 1306-1714, and proper format and method are used per MILPERSMAN 1306-1715.
